*The thing I appreciate most is the way we are treated by staff.
They are so patient and compassionate.*

NATURAL SETTING

Sunshine, exercise, and a beautiful natural setting are all essential ingredients of our success. Our locations are next to rivers, creeks, golf courses, and state or city parks. Families enjoy the walking paths, courtyards, gardens, and the ability to come and go freely in a clean and safe environment. Special celebrations and family gatherings are often held in our beautiful setting.

HOME-LIKE SETTING

Our residences are designed and built like a family home. We encourage you to personalize your room by decorating as you wish. Your suite consists of a private bedroom and bathroom, which are next to a comfortable dining room and spacious living room. Outdoors, you can enjoy beautiful walkways, patios and gardens.

NEIGHBORS AND CAREGIVERS

Because of our home-like atmosphere, you are part of a small group of neighbors who dine and socialize

together, yet you have privacy whenever you want it. You also have many of the same caregivers throughout the day-people you come to know and trust like your family. And of course, your own family is welcome anytime.

PREFERENCES

We realize your needs and preferences are yours alone. You may choose to socialize on the patio, take a walk or do whatever you would like to do.

CONTINUITY

One of the best things about living at Comforts of Home is that as your needs increase, so can your assistance. Please call us and we will be happy to arrange a personal visit and answer any questions you have.

NOT A NURSING HOME

Comforts of Home provides housing, supportive services, and lifestyle for older people who don't need the intensive and expensive medical care of an institutional nursing home. All of our rooms are private. Comforts of Home provides a home-like and comfortable place to live, with programs and services designed to maximize independence and quality of life.

MEMORY CARE PROGRAM

Our state-of-the-art memory care program is one of the best and most innovative in the nation.
